Mariam Kanj

Full-Stack Web Developer

Beirut, Lebanon | +961 71-419-226 | kanjmariam696@gmail.com | linkedin.com/in/mariamkanj

Professional Summary

Results-driven Computer Science graduate with hands-on experience in full-stack web development, mobile app development, and data analysis. Skilled in frontend frameworks (React, Next.js, Angular, Flutter) and backend technologies (ASP.NET, PHP/Laravel, Node.js, SQL Server, MySQL). Adept at building scalable, responsive, and user-friendly applications. Strong collaborator in Agile teams with proven problem-solving and debugging abilities. Passionate about leveraging technology to deliver impactful solutions.

Professional Experience

Web Development Intern – Techtalks | July 2025 – August 2025 | Hybrid

- Built frontend interfaces using Next.js, TypeScript, Tailwind CSS, and shadcn/ui.
- Collaborated with backend developers to integrate Laravel APIs with MySQL databases.
- Worked with Jira for Agile project management and team coordination.
- Strengthened collaboration and problem-solving skills through teamwork in a real-world project.

Web Development Intern – Hirlytics | February 2025 – August 2025 | Remote

- Designed responsive UI/UX prototypes in Figma and implemented them in React (TypeScript).
- Developed and optimized PHP backend APIs with MySQL integration.
- Ensured cross-browser and mobile compatibility using CSS best practices.
- Troubleshooted, debugged, and optimized performance for production readiness.
- Collaborated closely with a team of developers to deliver the official company website.

Mobile App Development Intern – Coding & Create | May 2025 – June 2025 | Remote

- Built cross-platform mobile apps using Flutter & Dart for Android and iOS.
- Designed responsive UI/UX interfaces based on modern design principles.
- Solved real-world challenges including debugging, feature implementation, and optimization.
- Collaborated with team leads and peers in an Agile environment using Git for version control.

Web Development Intern – IDS Academy | August 2024 – September 2024 | Remote

- Built dynamic websites using PHP, HTML, CSS, JavaScript.
- Designed and optimized MySQL databases for scalable CRUD operations.
- Applied OOP principles in PHP for modular and maintainable code.
- Conducted testing and debugging to ensure high performance.
- Contributed to projects in an Agile environment with developers and project managers.

Software Development Intern – IDS Fintech | July 2024 – August 2024 | Hybrid

- Developed RESTful APIs and controllers using ASP.NET (C#).
- Executed SQL Server CRUD operations for enterprise data management.
- Applied asynchronous programming for improved responsiveness.
- Created dynamic Angular frontends integrated with DevExpress components.
- Ensured seamless frontend-backend integration for enterprise systems.

Education

Bachelor of Science in Computer Science | Beirut Arab University, Lebanon | Graduated 2025

Certifications & Training

- Data Analysis Using SPSS – Beirut Arab University, CEC (2025)
- Lebanese Universities CTF 2025 – Certificate of Participation (Cybersecurity Competition)

Leadership & Community Engagement

- Techtalks Ambassador (2025) – Promoted tech knowledge-sharing events, community building, and developer empowerment initiatives in Lebanon.

Technical Skills

- Programming Languages: Python, JavaScript, TypeScript, Java, C#, PHP, C++, SQL, Dart
- Web Development: React.js, Next.js, Angular, Node.js, ASP.NET, Laravel, HTML5, CSS3, JavaScript (ES6+)
- Mobile Development: Flutter, Dart
- Databases: MySQL, SQL Server
- Tools & Frameworks: Git, GitHub, DevExpress, Figma, Jira
- Core Skills: Full-Stack Development, RESTful APIs, CRUD Operations, OOP, Asynchronous Programming, Responsive UI/UX Design, Debugging & Optimization
